

grants officer and return such non-disbursed funds to EDA. Grant funds returned to EDA shall be available to the RLF Recipient for future draw-downs. When returning prematurely drawn Grant funds, the RLF Recipient must clearly identify on the face of the check or in the written notification to the applicable grants officer “EDA,” the Grant award number, the words “Premature Draw,” and a brief description of the reason for returning the Grant funds.

(f) *Local share.* (1) Cash Local Share of the RLF may only be used for lending purposes. The cash Local Share must be used either in proportion to the Grant funds or at a faster rate than the Grant funds.

(2) When an RLF has a combination of In-Kind Contributions and cash Local Share, the cash Local Share and the Grant funds will be disbursed proportionately as needed for lending activities, provided that the last twenty (20) percent of the Grant funds may not be disbursed until all cash Local Share has been expended. The full amount of the cash Local Share shall remain for use in the RLF.

§ 307.17 Effective utilization of Revolving Loan Funds.

(a) *Loan closing and disbursement schedule.* (1) RLF loan activity must be sufficient to draw down Grant funds in accordance with the schedule prescribed in the award conditions for loan closings and disbursements to eligible RLF borrowers. The schedule usually requires that the RLF Recipient lend the entire amount of the initial RLF Capital base within three (3) years of the Grant award.

(2) If an RLF Recipient fails to meet the prescribed lending schedule, EDA may de-obligate the non-disbursed balance of the RLF Grant. EDA may allow exceptions where:

(i) Closed Loans approved prior to the schedule deadline will commence and complete disbursements within forty-five (45) days of the deadline;

(ii) Closed Loans have commenced (but not completed) disbursement obligations prior to the deadline; or

(iii) EDA has approved a time schedule extension pursuant to § 307.17(b).

(b) *Time schedule extensions.* (1) RLF Recipients shall promptly inform EDA in writing of any condition that may adversely affect their ability to meet the prescribed schedule deadlines. RLF Recipients must submit a written request to EDA for continued use of Grant funds beyond a missed deadline for disbursement of RLF funds. RLF Recipients must provide good reason for the delay in their extension requests and must demonstrate that:

(i) The delay was unforeseen or beyond the control of the RLF Recipient;

(ii) The financial need for the RLF still exists;

(iii) The current and planned use and the anticipated benefits of the RLF will remain consistent with the current CEDS and the RLF Plan; and

(iv) The proposal of a revised time schedule is reasonable. An extension request must also provide an explanation as to why no further delays are anticipated.

(2) EDA is under no obligation to grant a time extension and in the event an extension is denied, EDA may deobligate all or part of the unused Grant funds and terminate the Grant.

(c) *Capital utilization standard.* (1) During the Revolving Phase, RLF Recipients must manage their repayment and lending schedules to provide that at all times at least seventy-five (75) percent of the RLF Capital is loaned or committed. The following exceptions apply:

(i) An RLF Recipient that anticipates making large loans relative to the size of its RLF Capital base may propose a Plan that provides for maintaining a capital utilization percentage greater than twenty-five (25) percent; and

(ii) EDA may require an RLF Recipient with an RLF Capital base in excess of \$4 million to adopt a Plan that maintains a proportionately higher percentage of its funds loaned.

(2) When the percentage of loaned RLF Capital falls below the applicable capital utilization percentage, the dollar amount of the RLF funds equivalent to the difference between the actual percentage of RLF Capital loaned and the applicable capital utilization percentage is referred to as “excess funds.”

(i) *Sequestration of excess funds.* If the RLF Recipient fails to satisfy the applicable capital utilization percentage requirement for two (2) consecutive reporting intervals, EDA may require the RLF Recipient to deposit excess funds in an interest-bearing account separate from the EDA funds account. The portion of interest earned on the account holding excess funds attributable to the RLF Grant shall be remitted to the U.S. Treasury. RLF Recipients must obtain EDA's written authorization to withdraw any sequestered funds.

(ii) *Persistent non-compliance.* An RLF Recipient will generally be allowed a reasonable period of time to lend excess funds and achieve the applicable capital utilization percentage. However, if an RLF Recipient fails to achieve the applicable capital utilization percentage after a reasonable period of time, as determined by EDA, it may be subject to sanctions such as suspension or termination.

§ 307.18 Uses of capital.

(a) *General.* RLF Capital shall be used for the purpose of making RLF loans that are consistent with an RLF Plan or such other purposes approved by EDA. To ensure that RLF funds are used as intended, each loan agreement must clearly state the purpose of each loan.

(b) *Restrictions on use of RLF Capital.* RLF Capital shall not be used to:

- (1) Acquire an equity position in a private business;
- (2) Subsidize interest payments on an existing RLF loan;
- (3) Provide for borrowers' required equity contributions under other Federal Agencies' loan programs;
- (4) Enable borrowers to acquire an interest in a business either through the purchase of stock or through the acquisition of assets, unless sufficient justification is provided in the loan documentation. Sufficient justification may include acquiring a business to save it from imminent closure or to acquire a business to facilitate a significant expansion or increase in investment with a significant increase in jobs. The potential economic benefits must be clearly consistent with the strategic objectives of the RLF;

(5) Provide RLF loans to a borrower for the purpose of investing in interest-bearing accounts, certificates of deposit or any investment unrelated to the RLF; or

(6) Refinance existing debt, unless:

(i) The RLF Recipient sufficiently demonstrates in the loan documentation a "*sound economic justification*" for the refinancing (e.g., the refinancing will support additional capital investment intended to increase business activities). For this purpose, reducing the risk of loss to an existing lender(s) or lowering the cost of financing to a borrower shall not, without other indicia, constitute a sound economic justification; or

(ii) RLF Capital will finance the purchase of the rights of a prior lien holder during a foreclosure action which is necessary to preclude a significant loss on an RLF loan. RLF Capital may be used for this purpose only if there is a high probability of receiving compensation from the sale of assets sufficient to cover an RLF's costs plus a reasonable portion of the outstanding RLF loan within eighteen (18) months following the date of refinancing;

(c) *Credit not otherwise available.* RLF Recipients must determine and clearly demonstrate in the loan documentation for each RLF loan that credit is not otherwise available on terms and conditions that permit the completion or successful operation of the activity to be financed.

(d) *Use of In-Kind Contributions.* In-Kind Contributions may satisfy Matching Share requirements when specifically authorized in the terms and provisions of the RLF Grant and may be used to provide technical assistance to borrowers or for eligible RLF administrative costs.

(e) *Loan guaranty agreements.* Prior to the full disbursement of Grant funds, the RLF Recipient shall not use RLF Capital to guarantee loans made by other lending institutions. After the full disbursement of Grant funds, RLF Capital may be used to guarantee loans of private lenders, provided the RLF Recipient has obtained prior written approval from EDA of its proposed loan guaranty activities and submitted to EDA:
